CONDITION 34 - DEVELOPMENT OF THE TRANSMISSION SYSTEM22

CONDITION 35 - CORRESPONDENCE22

CONDITION 36 - WHOLE LICENCE23

CONDITION 1 - DEFINITIONS AND INTERPRETATION

1. In the general conditions unless the context otherwise requires:

“**Act**” means the Electricity Act 2005 (as amended);

“**affiliate**” in relation to any person means any holding company of such person, any subsidiary of such person or any subsidiary of a holding company of such person, in each case within the meaning of the Companies Act 2001;

“**authorised**” in relation to a business or activity means authorised by license granted or treated as granted under section 3(2) of the Act or exemption granted under section 3(3) of the Act;

“**Authority**” has the same meaning as in the Act;

“**codes**” means the generation, transmission, distribution and system operation codes collectively or any combination of more than one code as developed and updated by the Authority, from time to time;

“**Commercial Agreements**” means an agreement for the wheeling of electricity from a generating station, interconnected to the transmission system, to the distribution system or other commercial agreements required to undertake the transmission electricity service;

“**customer**” has the same definition as in the Act;

“**disposal**” in relation to assets means any sale, gift, lease, licence, the grant of any right of possession, loan, security, mortgage, charge or the grant of any other encumbrance or the permitting of any encumbrance to subsist or any other disposition to a third party and “dispose” shall be construed accordingly;

“**Fees**” means those fees payable by the Licensee pursuant to section 16(1)(f) of the Act;

“**Financial Year**” has the same meaning as in section 111 of the Constitution;

“**information**” shall include any documents, accounts, estimates, returns or reports, records and any data in verbal, written or electronic form and information in any form or medium whatsoever;

“**interested party**” means any person who has a recognisable stake (and therefore standing) in transmission;

“**Licensee**” means a person who holds a transitional transmission licence;
“**National Grid Code**” comprise of the governance code and each of the codes;

“**operational control**” means the management and operational control of the transmission assets but for the avoidance of doubt the compliance by the Licensee with the instructions of the System Operator according to the National Grid Code shall not be construed as relinquishment of operational control;

“**Permanent Transmission Licence**” means a licence issued under the Electricity (Licensing, Registration and Fees) Regulations 2022 (as may be amended), subsequent to the provisional transmission licence;

“**Relevant asset**” means any asset for the time being forming part of the Licensee's transmission system portfolio, any control centre for use in conjunction therewith and any right, title or interest in land upon which any of the foregoing is situated;

“**subsidiary**” has the same meaning given in the Companies Act 2001;

“**system operator**” means the operator of a transmission, distribution, load dispatching or similar system;

“**transmission**” has the same meaning as in the Act;

“**transmission business**” means the business of the Licensee in or ancillary to the transport (whether for its own account or that of third parties) of electricity through the Licensee's transmission system and shall include any business in providing connections to the Licensee's transmission system but shall not include any other business of the Licensee in the provision of services to or on behalf of any one or more persons;

“**Transmission Code**” means the rules made by the Authority to govern the transmission system and activities relating thereto;

“**transmission system**” means that part of the electric system that operates at 66kV or higher consisting of the electrical facilities used for conveyance of electricity over electric lines between a generating station and substation, or between generating stations or between substations, and consists of electric lines, equipment and meters owned and operated by the Licensee in connection with transmission of electricity;

“**user**” means any person using the transmission system or distribution system, as more particularly identified in each section of the respective code, and in the governance code, the term means any person (other than licensee) to whom the codes apply.

2. Any words or expressions used in the Act shall, unless the contrary intention appears,

have the same meaning when used in these general conditions;

3. Except where the context otherwise requires, any reference to a numbered general condition reference, and reference to a Section is a reference to that Section or Schedule is a reference to the general condition or Schedule bearing that number in this licence, and any reference to a numbered paragraph is a reference to the paragraph bearing that number in the general conditions or Schedule in which the general conditions apply;
4. These general conditions shall have effect as if in relation to references to a licence holder who is a natural person, the words "it", "its" and "which" there are substituted by the words "he", "him", "his" and "whom", and cognate expressions shall be construed accordingly. Except where the context otherwise requires, a reference in a general condition to a paragraph is a reference to a paragraph of that condition and a reference in a paragraph to a sub-paragraph is a reference to a sub-paragraph of that paragraph;
5. In construing the general conditions, the heading or title of any general condition or paragraph shall be disregarded; and
6. Where any obligation under or pursuant to the licence is required to be performed by a specified date or within a specified period, and where the Licensee has failed so to perform by such date or within such period, such obligation shall continue to be binding and enforceable after the specified date or after the expiry of the specified period (but without prejudice to all rights and remedies available against the Licensee by reason of the Licensee's failure to perform by that date or within that period).

CONDITION 2 - LICENSED ACTIVITY

1. This licence is granted pursuant to section 3 of the Act to authorise the Licensee to carry out the construction, operation and maintenance of the transmission system and to transmit electricity within the Republic of Mauritius throughout the term of this licence.

CONDITION 3 - TERM OF LICENCE

1. This licence shall enter into force and effect on the [INSERT DATE] and expire on the [INSERT DATE].
2. The term of the licence may be renewed subject to the conditions and procedures of the Electricity (Transitional Licence) Regulations 2022 (as may be amended), provided the Licensee makes an application to the Authority on the online platform and provide such information as the Authority may require at latest 3 months before the expiry date.

CONDITION 4 - INSTALLATION AND EXPANSION OF TRANSMISSION SYSTEM

1. The Licensee shall ensure compliance with paragraphs (3) to (4) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall install, finance, own, repair, modify, replace, rehabilitate, operate and maintain the Transmission System as necessary to provide transmission electricity service that complies with this Licence and applicable law.
3. The Licensee shall be required to obtain the prior approval of the Authority for its expansion plans and for any major investments or purchases necessary to implement such plans, in the manner prescribed by this Licence and applicable law.
4. Based on the approvals of paragraph 3 of this condition, the Licensee shall carry out the expansion of the transmission system so as to provide reliable transmission electricity service throughout the Republic of Mauritius.

CONDITION 5 - ANNUAL FEE

1. The Licensee shall pay the Authority an Annual Fee as prescribed in the Schedule of the Electricity (Transitional Licence) Regulations 2022 (as may be amended) in respect of the period that the Licensee holds this Licence.
2. The final amounts determined in accordance with paragraph 1 of this Condition shall be paid by the Licensee to the Authority in one instalment being due for payment by 31st July in each financial year based on the peak electricity demand in MW of the latest financial year, provided that if the Authority has not given notice of the amount, at least 15 days before the payment date stated above, the Licensee shall pay the amount due within 30 days from the actual giving of notice by the Authority to the Licensee (whenever notice is given).
3. When the Licensee fails to pay the amount determined in accordance with paragraph 1 of this Condition within 30 days of the due date set out in paragraph 2 of this Condition, it shall pay simple interest on the amount at the rate which is from time to time equivalent to the key rate published by the Bank of Mauritius plus 1% or, if there is no such key rate, such key rate as the Authority may designate for the purposes hereof.

CONDITION 6 - COMMERCIAL AGREEMENTS

1. The Licensee shall ensure compliance with paragraphs (2) to (8) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.

2. The Licensee shall be entitled to enter into Commercial Agreements that are required to conduct the licensed activity.
3. The Licensee shall submit a copy of the agreement for the use of the Transmission System with the Distribution Licensee to the Authority for approval.
4. The Licensee shall submit a model generating station interconnection agreement for the interconnection of generating station to the Transmission System to the Authority for approval.
5. The Licensee shall submit a model customer interconnection agreement for the interconnection of large customers to the Transmission System to the Authority for approval.
6. The Authority shall approve the agreements in paragraphs 1, 2, 3 and 4 of this Condition if they comply with the requirements of the Act.
7. The Licensee shall not amend any agreement entered into pursuant to this Condition or enter into another agreement amending such a agreement without obtaining the prior written approval of the Authority.
8. The Licensee shall comply with the relevant provisions of any and all specified agreements entered into pursuant to this Condition.

CONDITION 7 - LEGAL AND REGULATORY COMPLIANCE

1. The Licensee shall not embark in unfair and anti-competitive practices in the electricity services industry.
2. The Licensee shall comply with directives from the Authority pertaining to the implementation of policy of Government relating to electricity services.
3. The Licensee shall comply with all laws, regulations, codes and standards of the Republic of Mauritius in so far as they are applicable to the licensed activity.
4. The Licensee shall not enter into any agreement that would breach any such law, regulation, code, standard or the General Terms and Conditions of the Licence.
5. The Authority may issue directions relieving the Licensee of its obligation under the Licence in respect of such parts of the relevant National Grid Code and to such extent and subject to such conditions as may be specified in those directions.
6. The Licensee shall give officers of the authority or any person or persons duly authorised

by the Authority access to the Licensee's Transmission System for the purposes of inspection under the Act.

CONDITION 8 - REGULATORY ACCOUNTS

1. The Licensee shall ensure compliance with paragraphs (2) to (4) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall keep separate regulatory accounts and prepare separate financial statement in respect of the transmission business for each financial year.
3. The accounts shall be kept in accordance with the International Public Sector Accounting Standards, and in accordance with any requirement which applies to the Licensee's financial statements under the Financial Reporting Act 2004.
4. The Licensee, when conducting his business activity in addition to the provision of an electricity service, shall keep separate accounts for those distinct activities.

CONDITION 9 - AVAILABILITY OF RESOURCES

1. The Licensee shall at all times act in a manner calculated to secure that it has available to it such resources, including (without limitation) management and financial resources, personnel, fixed and moveable assets, rights, licence, consents and facilities, on such terms and with all such rights, as shall ensure that it is at all times able:
 - (a) to properly and efficiently carry on the transmission business; and
 - (b) to comply in all respects with its obligations under this licence and such obligations under the Act as apply to the transmission business including, without limitation, its duty to develop and maintain an efficient, co-ordinated and economical system of transmission electricity service.
2. The Licensee shall immediately inform the Authority in writing if circumstances exist that justify the reasonable expectation that the Licensee may not have sufficient resources available to conduct its licensed business for a period of 12 months.

CONDITION 10 - PROHIBITION OF CROSS-SUBSIDIES

1. Unless authorized by the Authority, the Licensee shall ensure that the business licensed by this License does not give any subsidy or cross-subsidy (direct or indirect) to, nor receive any subsidy or cross-subsidy (direct or indirect) from, any other business of the Licensee and/or any Affiliate or related enterprise of the Licensee or any other person.

CONDITION 11 – ELECTRICITY SERVICE TARIFF

1. The Licensee shall ensure compliance with paragraphs (2) to (8) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall have the right to charge and collect a tariff as remuneration for its services under this Licence. Such tariff as modified from time to time shall be published in the manner prescribed by applicable law.
3. Any tariff shall be calculated in accordance with the methodology approved by Authority and otherwise in the manner prescribed by applicable law.
4. From a date to be determined by the Authority, the Licensee's tariffs shall be framed and filed pursuant to Part IV of the Act.
5. Where the Authority considers that by reason of the complexity of any such tariffs set by the Licensee, simplified explanatory statements are required or expedient for the understanding of the tariffs by the Licensee's Customers, the Authority may direct the Licensee to draw up such explanatory statements and thereafter to publish them with the tariffs to which they relate.
6. In setting tariffs to be filed in terms of paragraph (4) of this Condition, the Licensee shall ensure that the price charged by the Licensee at any time to any Customer paying such tariffs for the supply of electricity is the same as the price charged by the Licensee at that time to any other Customer paying tariffs for a comparable supply of electricity, irrespective of where such Customers are located or reside.
7. For the purposes of this Condition, supplies of electricity shall be regarded as comparable if they:
 - (a) are at the same or similar voltages or power factor; and
 - (b) are in accordance with the same or similar demand characteristics.
8. The Licensee shall bill and collect for its services in the manner approved by the Authority.

CONDITION 12 - OTHER CHARGES

1. The Licensee shall ensure compliance with paragraphs (2) to (4) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. Subject to applicable law, the Licensee shall have the right to petition the Authority for a tariff adjustment or special charge to the extent that it incurs additional costs or expenses

other than in the ordinary course of its business or which are not otherwise reflected in its published tariff.

3. Special charges recoverable by the Licensee may include additional costs or expenses resulting from (i) any change in the laws of the Republic of Mauritius which requires the Licensee to conduct its operations in a manner different from that provided in the Licence or (ii) a Force Majeure as defined in Condition 13. Any such adjustment or charge shall be without prejudice to any other adjustment or charge to which to the Licensee may be entitled pursuant to applicable law but shall not result in any duplicative recovery of costs by the Licensee.
4. The Licensee may collect such other fees and charges as are authorized or required to be collected under applicable law.

CONDITION 13 - REBATES AND PENALTIES

1. The Licensee shall ensure compliance with paragraphs (2) to (4) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. In the event that the Licensee fails to comply with the service quality level or commercial service levels established in this licence or under applicable law, the Licensee shall be required to provide a rebate of all or a portion of the relevant tariff collected by the Licensee if and to the extent provided under the applicable law.
3. The authority shall be responsible for monitoring compliance by the Licensee with the requirement to provide the rebates pursuant to paragraph (2) of this condition. In the event that the Licensee fails to provide a rebate required pursuant to paragraph (2) of this condition, the authority shall be entitled to impose penalties on the licensee in accordance with paragraph (4) of this condition.
4. In the event that the Licensee fails to comply with the obligations in this Licence, the Licensee shall be subject to imposition of penalties in accordance with the applicable law.

CONDITION 14 – FORCE MAJEURE

1. The Licensee shall not be liable for its total or partial failure to perform any obligation under this Licence to the extent that such failure is a consequence of a Force Majeure (as defined by applicable law) or any other event or circumstance or combination of events or circumstances that the Authority finds to be beyond the reasonable control of the Licensee ("*Force Majeure*").
2. The Licensee's obligations hereunder shall be suspended to the extent necessary as a result

of the Force Majeure and during the time such Force Majeure continues; provided, however, as a condition precedent for the suspension of the obligations, the Licensee shall notify the Authority, with confirmation in writing, as promptly as possible.

3. Notwithstanding the above provisions, the occurrence of a Force Majeure shall not excuse the Licensee from making any payments required of it by law in a timely manner.

CONDITION 15 - PERFORMANCE STANDARDS AND CODES

1. The Licensee shall ensure compliance with paragraphs (2) to (9) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall prepare codes and performance standards covering all material aspects of its Licensed activities and shall submit such codes and standards to the Authority for its approval.
3. The Licensee shall conduct the Transmission Business in a manner which it reasonably considers to be best calculated to comply with the National Grid Code and achieve the standards of performance set out from time to time in publications made by the Authority pursuant to section 21(2) of the Act.
4. The Licensee shall periodically review (including upon the request of the Authority) the Transmission Code and its implementation. Following any such review the Licensee shall send to the Authority:
 - (a) a report on the outcome of such review; and
 - (b) any proposed revisions to the Transmission Code from time to time as the Licensee (having regard to the outcome of such review) reasonably thinks fit for the achievement of the objectives referred to in the present condition; and
 - (c) any written Representations or objections from the System Operator (including any proposals by such operators for revisions to the Transmission Code not accepted by the Licensee in the course of the review) arising during the consultation process and subsequently maintained.
5. Revisions to the Transmission Code proposed by the Licensee and sent to the Authority pursuant to this Condition shall be approved by the Authority.
6. The Licensee shall keep and maintain such records concerning its implementation of and compliance with the Transmission Code are in accordance with such guidelines as the Authority shall from time to time have given to the Licensee and are, in the opinion of the Authority, sufficient to enable the Authority to assess whether the Licensee is performing

the obligation imposed upon these matters and the Licensee shall furnish to the Authority such records (or such of these as the Authority may require) in such manner and at such times as the Authority may require.

7. The Authority may from time to time (following consultation with the Licensee) issue directions relieving the Licensee of its obligations to implement or comply with, or to enforce against any other person any provision of, the Transmission Code in respect of such parts of the Licensee's Transmission System to such extent as may be specified in the directions.
8. The Transmission Code shall be reviewed by the Authority not later than 24 months after coming into force of this licence and the Authority's approval of the Transmission Code as revised shall be sought not later than 24 months after the Licence comes into effect. Such dates may be extended by the Authority in directions issued to the Licensee for the purposes of this Condition.
9. The Licensee shall comply with regulations made under the Act, standards and codes developed under paragraph 1 of this condition and applicable of law.

CONDITION 16 - SUSPENSION OF TRANSMISSION SERVICE

1. The Licensee shall be entitled to suspend its services or any part thereof only in accordance with the applicable law and shall be required to restore service following any interruption as soon as practicable.

CONDITION 17 - PROVISION OF INFORMATION

1. Subject to paragraphs 2 and 3 of this Condition, the Licensee shall furnish to the Authority, in such manner and at such times as the Authority may reasonably require, such information and shall provide and furnish to it such reports, as the Authority may reasonably require or as may be necessary for the purpose of performing the functions conferred on it by or under the Act.
2. The Licensee shall, if so requested by the Authority, give reasoned comments on the accuracy and text of any information or advice (so far as relating to its activities as holder of an electricity transmission licence) which the Authority proposes to publish pursuant to the exercise of its duties and functions under section 26 of the Utility Regulatory Act (as amended).
3. This condition shall not require the Licensee to produce any documents or give any information which it could not be compelled to produce or give in evidence in civil proceedings before a court.

4. The Licensee shall not destroy, tamper, or conceal any information book, accounts, or other document likely to be required in relation to a request made by the Authority.
5. The power of the Authority to call for information under paragraph 1 of this Condition is in addition to the power of the Authority to call for information under or pursuant to any other condition. There shall be a presumption that the provision of information in accordance with any other condition is sufficient for the purposes of that condition, but that presumption shall be rebutted, if the Authority states in writing that in its opinion such further information is, or is likely to be, necessary to enable it to exercise functions under the condition in question.

CONDITION 18 - DUTY OF NON-DISCRIMINATION

1. In the carrying out of its functions under this Licence, the Licensee shall not discriminate unfairly between persons or classes of persons, or between system users or classes of system users, particularly in favour of its subsidiaries, associated or affiliated undertakings, joint ventures or shareholders.
2. The Licensee shall report to the Authority at intervals of not more than one year, in such form as the Authority determines, specifying the measures taken and the level of compliance in relation to paragraph 1 of this Condition. The report shall be published by the Licensee in such a manner as shall be determined by the Authority.

CONDITION 19 - METERING

1. The Licensee shall be responsible for the installation, ownership and maintenance of metering equipment. The Licensee shall have the right to access such metering equipment in order to prepare invoices and to check the accuracy of the equipment. The metering equipment shall be in accordance with the Electricity (Metering, Billing and Collection) Regulations 2022 (as may be amended).

CONDITION 20 - TRANSMISSION SYSTEM STANDARDS

1. The Licensee shall ensure compliance with paragraphs (2) to (7) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall, not later than such date as the Authority may specify and in consultation with the Authority, prepare and, from time to time, modify a written policy setting out the manner in which the Licensee proposes to comply, in connection with the maintenance of an efficient, economical and co-ordinated Transmission System, with all applicable environmental laws.

3. The Licensee shall within 12 months after the Transmission Licence comes into force and thereafter whenever requested to do so by the Authority, draw up and submit to the Authority for its approval a statement setting out criteria by which performance of the Licensee in maintaining Transmission System security and availability and quality of service may be measured.
4. The Licensee shall within 2 months after the end of each Financial Year submit to the Authority a report providing details of the performance of the Licensee during the previous Financial Year against the criteria referred to under paragraph 2 of this Condition.
5. The statement referred to in paragraph 3 of this condition shall include the level of energy losses in the transmission system and cost incurred or to be incurred by the Licensee in reducing these losses.
6. The Authority may from time to time (following consultation with the Licensee and such (if any) other Licence holders as the Authority shall consider appropriate) issue directions relieving the Licensee of its obligations under the National Grid Code.
7. The Licensee shall provide a copy of the documents referred to in this condition to the Authority.

CONDITION 21 - ECONOMIC PURCHASING

1. The Licensee may make investments or purchase goods and services, provided that any such investment or purchase is for the purpose of any activity authorized or required by this Licence and meets all requirements of applicable law.
2. Any agreements for any investment or purchase shall be entered into pursuant to an open, competitive process to the extent required under applicable law.
3. The Licensee shall provide notice to the relevant authority of any major investment or purchase at least thirty days prior to the relevant agreement(s) becoming binding on the Licensee.
4. A major investment or purchase shall be deemed to be a transaction or a connected series of transactions with an aggregate transaction value exceeding MUR 100 million.

CONDITION 22 - SYSTEM CAPACITY STATEMENTS

1. The Licensee shall ensure compliance with paragraphs (2) to (4) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.

2. The Licensee shall once every year (and not later than such date as the Authority shall specify), prepare a statement in a form approved by the Authority showing in respect of the 5 succeeding Financial Years circuit capacity, forecast power flows and loading on each part of the Transmission System.
3. The Licensee may periodically revise the information set out in and, with the approval of the Authority, alter the form of the statement prepared at least once in every year the Transmission Licence is in force, revise such statement in order that the information set out in the statement shall continue to be accurate in all material respects.
4. The Licensee shall send a copy of the statement prepared in accordance with paragraph and of each revision of such statement to the Authority. Each such revision shall require to be approved by the Authority and shall not become effective until approved by the Authority.

CONDITION 23 - EMERGENCY

1. As soon as practicable following the granting of this Licence, the Licensee shall develop and shall submit to the Authority an emergency action plan to address emergencies that may arise in connection with the operation of the Licence. For the purposes of this Condition, an emergency shall mean any condition and/or situation that materially and adversely (a) affects the maintenance of safe, adequate and continuous operation of the Transmission System or (b) endangers the security of any person, plant, or other life, equipment or property.
2. The Authority shall review and may require amendment of the plan pending the Authority's approval of such plan, the plan submitted by the Licensee shall be in effect.
3. The Licensee shall notify the Authority as promptly as practicable of any emergency or any other major incident (as may be further defined by the Authority) that results in a significant interruption in service. Within two (2) months of such notice, Licensee shall submit a report giving full details of the event and its cause. The Authority may require an independent consultant to prepare its own report.
4. Notwithstanding paragraph 1 of this Condition the Licensee may interrupt or reduce a supply of electricity in circumstances where it is necessary to do so by reason of planned maintenance undertaken on the Transmission System or by reason of a fault affecting the Transmission System.

CONDITION 24 - CODE OF PRACTICE FOR DISCONNECTIONS

1. The Licensee shall ensure compliance with paragraphs (2) to (4) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall within 6 months of this Licence has come into force, prepare a Code of Practice setting out its policies and procedures for disconnecting or de-energising users.
3. The Licensee shall as soon as practicable following the preparation of the Code of Practice or any revision made to it, send to the Authority for review and approval.
4. The Licensee shall, within 3 months after the Code of Practice has been put in place, establish procedures for monitoring its general operation of the arrangements set out in the Code of Practice and compliance therewith, which shall be submitted to the Authority for his approval.

CONDITION 25 - CODE OF PRACTICE ON COMPLAINT HANDLING

1. The Licensee shall ensure compliance with paragraph (2) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall, within 6 months after the Transmission Licence has come into force prepare a Code of Practice establishing a procedure for handling complaints from Customers about the manner in which the Licensee conducts the Transmission Business and any procedure established in accordance with this Condition shall specify the periods within which it is intended that different descriptions of complaint should be processed and resolved.

CONDITION 26 - REVIEW AND COMPLIANCE WITH CODES OF PRACTICE

1. The Licensee shall ensure compliance with paragraphs (2) to (11) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. This Condition applies to each of the Codes of Practice required to be prepared by the Licensee.
3. The Licensee shall submit the Codes of Practice to the Authority for approval.
4. If, within 30 days from the day the Licensee first submitted the Code of Practice to the Authority for approval, the Authority notifies the Licensee that he considers that the Code of Practice does not meet the requirements of this Transmission Licence, the Licensee shall immediately make such changes to the Code of Practice as the Authority may require.

5. The Licensee shall, whenever reasonably requested, to do so by the Authority, and in any case no more than once in any 12 months period, review the Code of Practice and the manner in which it has been operated, with a view to determining whether any Modification should be made to the Code of Practice or to the manner of its operation.
6. The Licensee shall submit any revision of the Code of Practice which it wishes to make to the Authority for his approval and if the Authority approves the revision, the Licensee shall, following receipt of the Authority's approval in writing, then revise the Code of Practice appropriately. If the Authority does not approve the revision, the Licensee shall make further revisions to the Code of Practice as the Authority may require, in order to meet the requirements of the Licensee's Licence.
7. The Licensee shall:
 - (a) as soon as practicable following the preparation of the Code or any revision made to it, send to the Authority a copy of the Code of Practice or such revision in the form approved by the Authority;
 - (b) draw to the attention of its customers the existence of the Code of Practice and any substantive revision of it and how they may inspect or obtain a copy of the Code of Practice in its latest form;
 - (c) make a copy of the Code of Practice available for inspection by members of the public at each of the relevant premises during normal opening hours; and
 - (d) give or send free of charge a copy of the Code of Practice (as from time to time revised) to any person who requests it.
8. No changes may be made to the Code of Practice otherwise than in accordance with this Condition.
9. The Licensee shall ensure, so far as reasonably practicable, that it complies with the terms of and the arrangements or procedures (as the case may be) as are contained in or described by each Code of Practice to which this Condition applies or any revision to such Code approved by the Authority.
10. The Licensee shall provide the Authority with all assistance reasonably necessary to enable the Authority to monitor the implementation and operation of any Code of Practice and this assistance shall include, without limitation, permitting the Authority access to relevant documentation held by the Licensee.
11. The Authority may (following consultation with the Licensee) issue directions relieving the Licensee of any of its obligations under the Code of Practice to such an extent as may be specified in those directions and subject to such terms and conditions as the Authority thinks fit.

CONDITION 27- DISPOSAL OF RELEVANT ASSETS

1. The Licensee shall be obliged to obtain prior written consent from the Authority for the disposal of or relinquishment of operational control over any relevant equipment,

immovable property or other asset required to perform the licensed activity unless:

- (a) the Authority has given prior general consent in written to the disposal of or a relinquishment of operational control over relevant assets of a specified description; and
- (b) it is obliged by law or final order of a competent court to dispose of the relevant asset or part of its Transmission Business.

CONDITION 28 – ENVIRONMENTAL PRESERVATION

- 1. The Licensee shall comply with and adhere to applicable national environmental standards and practices during the term of this Licence to protect and preserve the environment.
- 2. The Licensee shall promote the conservation of resources.

CONDITION 29 - HEALTH AND SAFETY

- 1. The Licensee shall take all reasonable steps to promote the health and safety of employees and shall consult with appropriate representatives of employees for the purpose of establishing and maintaining an appropriate machinery or forum for the joint consideration of matters of mutual concern in respect of health and safety of those employees. The Licensee shall comply with all occupational health and safety laws of the Republic of Mauritius.
- 2. The Licensee shall own and operate the Transmission System and carry out a regular and continuous program of maintenance of the Transmission System in such a manner as to ensure their safe and efficient operation in accordance with applicable law.

CONDITION 30 - SUSPENSION OF LICENCE

- 1. The Authority may, at any time, suspend the Licence by giving not less than 14 days' notice in writing to the Licensee –
 - (a) if any amount payable under Condition 4 (Annual Fee) is unpaid 30 days after it has become due and remains unpaid for a period of 30 days after the Authority has given the Licensee notice that the payment is overdue – provided that no such notice shall be given earlier than the sixteenth day after the day on which the amount payable becomes due;
 - (b) if the Licensee fails to comply with an order (within the meaning of section 38 of the Act) and such failure is not rectified to the satisfaction of the Authority within three months after the Authority has given notice in writing of such failure to the Licensee – provided that no such notice shall be given by the Authority before the proceedings are

finally determined;

- (c) if the Licensee fails to pay any financial penalty (within the meaning of sections 36, 38, 40 or 44 of the Act) by the date for such payment and such payment is not made within 3 months after the Authority has given notice in writing of such failure by the Licensee – provided no such notice shall be given before any proceedings are finally determined;
 - (d) if the Licensee fails to pay any amount due to the Authority payable as part of an award or any costs determined as part of an interim award howsoever payable by the due date specified in either such award; or
 - (e) if the Licensee fails to conduct the licensed activity in accordance with the terms and conditions of the Licence, the provisions of the Act and any regulatory instruments thereunder and does not immediately take all appropriate means to remedy the failure.
2. Without prejudice to paragraph 1, the Authority may forthwith suspend the licence on any ground specified in paragraph 1 where –
- (a) the Authority considers that it is in the public interest to do so; and
 - (b) the urgency of the matter so requires.
3. A suspension effected under paragraph 2 shall lapse after 21 days unless –
- (a) the suspension has been revoked prior to that period; or
 - (b) a notice has been served under paragraph 1 during that period.

CONDITION 31- AMENDMENT AND REVOCATION

1. The Authority may, at any time, on a complaint by any interested party or on its own initiative, amend the terms of, or revoke the Licence by giving not less than 14 days' notice (24 hours' notice in the case of a revocation under paragraph (e) of this Condition) in writing to the Licensee stating the reasons for which it proposes to do so and to allow the licensee to make any written representations to object to the proposal –
- (a) if the Licensee agrees in writing with the Authority that the Licence should be amended or revoked;
 - (b) if any amount payable under Condition 4 (Annual Fee) is unpaid 30 days after it has become due and remains unpaid for a period of 90 days after the Authority has given the Licensee notice that the payment is overdue – provided that no such notice shall be given earlier than the sixteenth day after the day on which the amount payable becomes due;

- (c) if the Licensee fails –
 - (i) to comply with an order (within the meaning of section 38 of the Act) and such failure is not rectified to the satisfaction of the Authority within 3 months after the Authority has given notice in writing of such failure to the Licensee – provided that no such notice shall be given by the Authority before the proceedings are finally determined;
 - (ii) to pay any financial penalty (within the meaning of sections 36, 38, 40 or 44 of the Act) by the date for such payment and such payment is not made within 3 months after the Authority has given notice in writing of such failure by the Licensee – provided no such notice shall be given before any proceedings are finally determined; or
 - (iii) to pay any amount due to the Authority payable as part of an award or any costs determined as part of an interim award howsoever payable by more than 90 days following the due date specified in such award.

- (d) If the Commercial Agreement with the Single Buyer is terminated.

- (e) if the Licensee –
 - (i) contravenes the Act;
 - (ii) has ceased to carry on this activity;
 - (iii) has repeatedly failed to provide the electricity service for which it has been licensed;
 - (iv) fails to conduct the licensed activity in compliance with the terms and conditions of the Licence, the provisions of the Act and any regulatory instruments thereunder, without remedying such failure within a reasonable period of time and fails to remedy such failure within a reasonable period of time; or
 - (v) has submitted false information when making its application for the Licence.

- (f) if the Licensee –
 - (i) is unable to pay its debts (within the meaning of Part II of the Insolvency Act 2009);
 - (ii) passes a resolution for Voluntary Winding Up (within the meaning of Part III of the Insolvency Act 2009); or
 - (iii) is subject to Winding Up by a court of competent jurisdiction (within the meaning of section 401 of the Insolvency Act 2009).

CONDITION 32 - DISPUTES

1. Any disputes pertaining to this licence or the Licensee's performance in this licence may be resolved amicably between representatives of the Licensee and the authority.
2. If a dispute in paragraph (1) is not resolved within 30 business days amicably, the dispute may be referred to an expert acceptable to the Licensee and the authority. The expert shall

give his decision within 30 (thirty) business days after having received all information from both parties.

CONDITION 33 - INSURANCE

1. The Licensee shall maintain with financially sound and reputable insurers, insurance and reinsurance with respect to its Transmission Business that is adequate in relation to the standard in the electricity industry.

CONDITION 34 - DEVELOPMENT OF THE TRANSMISSION SYSTEM

1. The Licensee shall ensure compliance with paragraphs (2) to (3) of this condition before the issuance of a Permanent Transmission Licence and to the satisfaction of the Authority.
2. The Licensee shall, no later than such date as the authority may specify in writing, and thereafter whenever requested to do so by the authority, draw up and submit to the authority for its approval a business plan for five (5) years. This business plan shall contain an investment plan for the Transmission System expansion, projected performance levels, cost reduction plan and project financial position.
3. The Licensee shall implement the approved business plan and annually revise the plan to seek the approval of the Authority.

CONDITION 35 - CORRESPONDENCE

1. Any correspondence or notice to be given under any of these terms and conditions by both parties shall be in writing and shall be deemed to have been properly served if hand-delivered or sent by registered post at the address set out below or such other address which may be from time to time specified in writing to each other -

Licensee:

The Director
